“Women Leading to Accelerate Change...
Achieving Tangible Results Together”

EXHIBITION PACKAGES

Female Wave of Change introduces opportunities for a variety of organisations to exhibit their wares and products (70 % female owned; 30% male owned). This is great way for small businesses to enhance their profile without spending a fortune.

We are hosting this event to prepare women to take control of their own future by taking on the role of leaders and change makers now and in the future; we encourage women to stop fighting the old and start creating the new. We are action oriented – let's do and can do!! The conference will espouse and encourage the values of embracing diversity; providing equal opportunities; taking responsibility; dare2dream; encouraging circular learning; stimulating compassion; connecting heart to heart and knowing that together we win.
